FLOOR DEBATE

April 11, 2003 LB 165, 165A, 305

aware that I do not...I'm not like Argus, where I have eyes all around my head. So somebody else in a position to see something which I did not, in this case a very wise person not only saw it but made a recommendation, which myself being wise readily accept. Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Senator Chambers. You've heard the opening on the bracket motion to April 22. Senator Schrock, your light is on. Did you wish to speak?

SENATOR SCHROCK: (Microphone malfunction)...and the motion that Senator Erdman brought to us, I think those of you in the body would notice that no committee members were opposing the attempt to amend this morning because we understand the situations. We went through the hearings and we're pretty much supportive of all three proposals. But I think a cooling off period would give people a chance to examine it. If, pardon the pun, if some of you want to water down the Erdman amendment, that's probably agreeable also. But with that, I think this would be wise at this time. And I would assume LB 305 is not in jeopardy because we're delaying advancement. But with that, I would support the bracket and hope you will also.

SENATOR CUDABACK: Thank you, Senator Schrock. Any further discussion? Seeing no lights on, Senator Chambers, you're recognized to close, if you care to.

SENATOR CHAMBERS: Mr. President, in the interest of being even more efficient, I will ask that this motion be adopted by unanimous consent.

SENATOR CUDABACK: Any objection, unanimous consent? It is bracketed until April 22, 2003. We're back to Final Reading. Back to Final Reading.

SPEAKER BROMM PRESIDING

SPEAKER BROMM: While the Legislature is in session and capable of transacting business, I propose to sign and do sign LB 165 and LB 165A. Mr. Clerk, do you have items for the record?
